### WE HAVE A NEW HOME!

On this past Thursday, Doug Peterman signed the final papers for the purchase of the property at 12120 Bridgeton Square. We took possession and are already beginning the work to obtain an occupancy permit. Moving in our furniture and other items is scheduled for August 18-19. If all goes well, we hope to begin holding worship services there in September!

### ATTENTION ALL PLANT LOVERS

In 2014 our new building was the site of a very special project to remove invasive high maintenance plants and replace them with low maintenance Missouri Native plants. The project was a partnership between Great Rivers Missouri Master Naturalists, local church groups, Shaw Nature Reserve and the Missouri Department of Conservation.

If you are interested in learning more about this project, the plants and how we can restore and maintain the plantings and trees, we would love to hear from you and have you join us. There will be a signup sheet at church or you can contact: Virginia Messersmith: [vasm@charter.net](mailto:vasm@charter.net)

Look for the RESTORATION PROJECT.
